

Let's move Australia forward

10 things Julia Gillard and Labor are doing to move Australia forward

1 Building GP Super Clinics

6 Getting the budget back to surplus by 2013

2 Increasing hospital funding by 50%

7 Funding 3,000 new nurses & 1,300 GPs over the next 3 years

3 Record investment in renewable energy like solar and wind

8 Building a National Broadband Network

4 Delivering Trades Training Centres for high schools

9 Putting computers in schools

5 Ensuring we have a sustainable population – not a big Australia

10 Abolished WorkChoices and protecting rights at work
